Dear Tonia,

Thank you for your letter of 13 May 2021 regarding our commitment as a government to the global target to eliminate HIV by 2030. I apologise for the delay in responding.

As you are aware, the Welsh Government has made huge progress over the past five years in improving access to testing and other sexual health services as well as providing pre-exposure prophylaxis (PrEP) through NHS Wales as part of routine care provision.

We recognise that there is more work to be done and we will continue to work with partners in the health services and third sector via the Welsh Government's Sexual Health Programme Board to further improve sexual health services in Wales, including providing more equitable access to PrEP across Wales and taking forward actions to tackle the stigma associated with HIV.

I welcome the valuable perspective Fast Track Cities will contribute to this work via representation on the Sexual Health Programme Board going forward.

Yours sincerely,

Eluned Morgan AS/MS
